PROFESSIONAL SUMMARY

Software QA & Test Automation Lead with 15+ years of experience driving **AI-led software testing, test automation strategy, QA architecture, and quality engineering** across enterprise web and API platforms. Experienced in building and scaling Selenium and Playwright automation frameworks using Java and JavaScript/TypeScript, while leveraging **Generative AI, LLMs, Prompt Engineering, AI Agents, MCP, n8n, and RAG-based approaches** to accelerate test analysis, test design, automation, and QA activities.

CORE COMPETENCIES

- **AI-Led Quality Engineering:** AI-Led Software Testing, Generative AI, LLMs, AI Agents, Prompt Engineering, AI-Assisted Test Generation, AI-Assisted Test Planning, RAG.
- **Test Automation & Engineering:** Test Automation Architecture, Playwright, Selenium, API Testing, Performance Testing, CI/CD, Test Strategy.
- **QA Leadership:** QA Strategy, Test Planning, Risk Management, Defect Management, Agile/Scrum, Team Leadership & Mentoring.

TECHNICAL SKILLS

AUTOMATION

Playwright, Selenium, TestNG, Cucumber, JMeter, K6, SoapUI, Postman

AI / GENERATIVE AI

Generative AI, LLMs, AI Agents, Prompt Engineering, RAG

AI TOOLS & FRAMEWORK

MCP, Skills / skills.md, n8n, LangChain, LangFlow

PROGRAMMING

Java, JavaScript, TypeScript

DATABASE

SQL Server, DB2, PostgreSQL

VERSION CONTROL

Git

CI/CD & CLOUD

Jenkins GitHub Actions AWS

ALM & COLLABORATION

Confluence, Jira, Rally

PROFESSIONAL EXPERIENCE

06/2018 – present
Noida, India

Test Automation Engineer / Associate Consultant & Test Lead Tata Consultancy Services

- Spearheaded test strategy and led end-to-end QA lifecycle — planning, estimation, execution, defect tracking, and reporting — across multiple releases.
- Architected a Selenium/Java/Test NG/Cucumber automation framework using data-driven and BDD design patterns with **500+** test case, growing automated coverage from initial 30% to **80%**.
- Built a parallel Playwright/JavaScript-TypeScript automation suite with around **700+** test cases for modern web applications, enabling **daily** regression runs and cutting release-testing time by more than **70%**.

PROFESSIONAL EXPERIENCE

- Integrated Selenium and Playwright suites into Jenkins and GitHub Actions CI/CD pipelines.
- Automated API testing (SOAP UI, Postman) and validated backend data integrity via complex SQL Server/DB2 scripting across multiple critical business workflows.
- Performed extensive platform testing on AWS, utilizing AWS cloud services to provision and manage scalable testing environments.
- Authored test plans, test strategy documents, and risk-mitigation frameworks that aligned stakeholders across multiple teams on scope and delivery milestones.
- Mentored and upskilled a team of **10+** QA engineers on automation and QA best practices,
- Implemented Continuous Integration (CI) pipelines using Jenkins to automate test
- Actively participated in Agile and Scrum ceremonies to stay aligned with product changes, adapting and updating test automation frameworks accordingly.

03/2016 – 05/2018
Gurgaon, India

IT Senior Analyst **Aon Consulting**

- Executed system integration and functional testing across multiple product components, partnering with on-site teams to deliver releases with zero critical post-release defects.
- Translated functional specifications and use-case documents into 500+ detailed manual test cases, improving requirement traceability.
- Partnered with developers on root-cause analysis for reported defects, reducing repeat-defect rate.
- Analyzed customer requirements to design targeted test scenarios, ensuring QA validation matched business intent.
- Built a reusable manual test case library that standardized execution across the QA team.

01/2013 – 03/2016
Noida, India

Senior Quality Analyst **Helm Analytics Pvt. Ltd.**

- Developed and maintained 700+ manual test cases from functional specifications and use-case documents, forming the team's core regression suite.
- Built regression tests to validate defect fixes, reducing reopened-defect rate by 80%.
- Analyzed customer requirements to design test scenarios and documented results for full defect traceability.
- Partnered with developers on root-cause analysis, shortening defect resolution turnaround.

05/2011 – 01/2013
Gurgaon, India

Quality Analyst **Vertex Data Science**

- Tested product functionality, performance, and compliance against design specifications, safeguarding release quality across multiple cycles.
- Produced automated test scripts that reduced manual testing effort by **50%**.
- Collaborated cross-functionally to design and implement process improvements adopted Agile/Scrum-wide.
- Tracked defect resolution to closure, supporting **100%** on-time delivery against milestones.

04/2010 – 05/2011
Chandigarh, India

Quality Assurance Engineer **TimeRack Inc.**

- Facilitated defect resolution processes that improved release-quality outcomes across 2 major product cycles.
- Evaluated QA processes end-to-end and recommended improvements that increased testing efficiency by **40%**.
- Coordinated cross-functional teams during release cycles to ensure on-time, quality-assured deployments.
- Validated product functionality, performance, and compliance against design specifications prior to release.

CERTIFICATIONS

AWS Certified Cloud Practitioner

PSM-I Certification

Scrum.org

PSM-II Certification

Scrum.org

MAJOR ACCOMPLISHMENTS

On the Spot Award

TCS

Received the "On the Spot" Award at TCS for outstanding contributions to the AWS migration project.

Delivery Excellence Award

TCS

Received the "Delivery Excellence Award" at TCS for successfully migrating a new client to a new platform.

Applause Award

TCS

Received the "Applause Award" at TCS – NFS Project for consecutive successful deployments and extensive project support.

Continuous Feedback Culture Builder

TCS

Awarded "Continuous Feedback Culture Builder" and "Continuous Feedback Star" Certificates at TCS.

Platinum Award

Aon

Received the "Platinum Award" for exceptional performance in the Aon NFS Assurant Conversion project.

Plaudit Award

Aon NFS

Received the "Plaudit Award" at Aon NFS for contributions to the ServiceLink Flood Zone Vendor project.

Excellence Certificate

Vertex India Pvt. Ltd.

Received the "Excellence Certificate" as a Top Performer of the Year at Vertex India Pvt. Ltd.

EDUCATION

2009

Baddi, Himachal Pradesh

Computer Science | B.Tech

Institute of Engineering & Emerging Technology
